We are pleased to announce that the ITC 2010 Conference will be held from 12 to 15 August in The Hague, The Netherlands. Its theme is "**Making Theosophy a Living Power in the World.**"

Aim of this conference. The need for theosophical teachings such as Universal Brotherhood and the essential unity of all living beings remains as urgent in today's world as it was in the time of H.P.

Blavatsky. It is the aim of the Conference to present this Wisdom as it is intended: to help people meet their challenges in life, and to give courage and hope for the present and the future.
